Spa treatments designed by Pure Fiji, private plunge pools in every villa and easy access from Nadi airport are just a few of the extra touches that make Royal Davui Island Resort special and unique.

Wishing to keep the island as natural as possible, the owners designed the villas, buildings and amenities to blend into and around existing vegetation and old growth trees.

The reef surrounding the island has been declared “TABU” (sacred); no fishing is allowed within 1 mile of the island, creating a stunning marine reserve with countless species of fish, clams and coral for guests to enjoy. We invite you to experience this barefoot luxury island resort for yourself.
