Bali & Indonesia Luxury Itinerary – 17 Days of Romance Romantic Getaway for Two

Days 1 through 8

The very name of this lovely unspoiled island conveys an aura of magic - a favored sea kissed haven of volcanic mountains, lakes and rivers, terraced rice fields, giant banyans, palm groves and sun-dappled roads that lead past peaceful villages and markets to tucked away bays, bordered by white sandy beaches. Located a short distance from the eastern coast of Java, this island is only 2,095 square miles in area. Despite its size, Bali supports a population of 2.5 million people. The vacation regions are in the south, around the beautiful Sanur Beach, Nusa Dua Beach and Kuta, which lie on the other side of a narrow isthmus. Here, visitors can engage in sailing, surfing, swimming, sunbathing and beachcombing, or play tennis or golf. Best shopping buys include woodcarvings, bonecarvings, batik, jewellery, puppet figures and paintings - all created by local artisans, as skilled as they are friendly.
